Nolo releases 2011 version of Quicken WillMaker Plus

BERKELEY, CA (October 29, 2010): Nolo, the nation's leading publisher of do-it-yourself legal guides has released the 2011 version of Quicken WillMaker Plus. For 25 years, WillMaker has been the best-selling estate planning software product, written and developed by Nolo's expert attorneys.

Quicken WillMaker Plus 2011 guides users through an easy step-by-step process to create a legal will. The New York Times called it "most substantial given the sheer amount of information it provided" in a side-by-side comparison of four leading will-writing products last month.

Beyond creating a customized legal will, Quicken WillMaker Plus users have the option to create additional documents such as health care directives, financial powers of attorney, and executor documents. The 2011 version includes free access to Nolo's Online Living Trust along with many other customizable home and family forms such as promissory notes, pet care agreements, house-sitting and childcare instructions, and security agreements for borrowing money.

Quicken WillMaker Plus 2011 also provides an easy upgrade of previous versions because it can import and produce documents to reflect the latest laws of each individual state. Free legal updates keep the software current through 2011.

Availability: Nolo's Quicken WillMaker Plus 2011 is currently available from Nolo online at www.nolo.com and is expected to be available in retail stores beginning Nov 1. Upon registration with Nolo after valid purchase of the product, users are offered a free downloadable eBook of *Nolo's Encyclopedia of Everyday Law*. Quicken WillMaker Plus is not valid in Louisiana or the U.S. Territories.
